## <u>AMENDMENT</u>

Commissioner for Patents Washington, D.C. 20231

Dear Sir.

In response to the Office Action dated March 29, 2002, please amend the aboveidentified application as follows:

## IN THE CLAIMS:

## Please amend claim 1 as follows:

1. (Amended) An identification type instrument assembly detachably connected to a main body of a medical apparatus for use in diagnosis and treatment, wherein said instrument assembly comprises an identification signal output means for actively outputting self-identification signals prepared in advance under a predetermined procedure, said identification signal output means sending said self-identification signals to said main body when receiving electric power from said main body upon connecting said identification type instrument assembly to said main body.

Please amend claim 2 as follows:

2. (Amended) An identification type instrument assembly detachably connected to a main body of a medical apparatus for use in diagnosis and treatment, comprising:

an instrument and,
